

**REPORT ON ONE DAY EXHIBITION ON THE THEME "LANGUAGE, CULTURE
AND LIVELIHOOD OF TRIBAL COMMUNITIES IN TRIPURA"**

Date: 2nd DECEMBER, 2022 (Friday)

Venue: College Auditorium

Timing: 10:30 am – 3:30 pm

On December 2nd, 2022, the Department of Sociology, Holy Cross College hosted a one-day exhibition on the theme "Language, Culture and Livelihood of Tribal communities in Tripura." Forty-two students from the Sociology department and 5 students from BA General participated in the exhibition. The exhibition drew over 250 visitors from various departments of the college, including a few alumni who also made an appearance. Before the exhibition commenced, a short inaugural program was held, starting with a prayer dance by the students, followed by a welcome address from Dr. Fr. Benny K. John, the Principal of Holy Cross College. Ms. Sentienla, the Head of the Department of Sociology, then shared the concept note. Thereafter, the Chief guest of the exhibition Mr. Sumit Das, the Research Officer of Tripura Tribal Research & Cultural Institute, gave a short speech. The 5th semester students of the department then played a live performance depicting the lifestyle of the Halam and Mog tribal communities of Tripura, which was well-received by the audience. The program concluded with the National Anthem.

The exhibition was inaugurated by the Chief Guest, Mr. Sumit Das, and Dr. Fr. Benny K. John, the Principal of Holy Cross College. The students showcased the rich culture, language, and livelihood of the Molsom, Khasia, Reang, Kaipeng, Darlong, Jamatia, Debbarma, and Kalai tribal communities of Tripura.

The exhibition served as a new way of storytelling, conveying the richness of local cultural heritage through curated collaborative creative models. Overall, the exhibition was a successful endeavor, offering a platform for students to showcase their hard work and learning outcomes while promoting cultural diversity and awareness.

**ONE DAY EXHIBITION ON THE THEME “LANGUAGE, CULTURE AND
LIVELIHOOD OF TRIBAL COMMUNITIES IN TRIPURA”**

2nd DECEMBER, 2022

CONCEPT NOTE:

Communities are formed by people who share a common culture and language. Culture includes shared beliefs, values, customs, stories, songs, language, and other elements that are held by a group of people. Language is a medium through which ideas and cultural aspects are conveyed among people. Often, language reflects and gives meaning to cultural aspects that are difficult to understand through translation alone. Language creates images and ideas that are directly related to a culture's worldview.

As society evolves, so do our language and cultural values, which serve as markers of our origin and identity formation. Even among the tribal people of Tripura, globalization and development have made it difficult to preserve their traditional cultural heritage. Furthermore, many of the tribal peoples' languages and dialects are at risk of becoming extinct. This exhibition will engage young students in preserving and promoting the old practices of the tribal communities of Tripura, as these practices are less frequently passed down from generation to generation. Additionally, the exhibition aims to raise awareness and inspire young people to appreciate the glory and richness of traditional culture and identity.

OBJECTIVES OF THE EXHIBITION:

1. The exhibition aims to celebrate diversity and promote inclusion, providing a platform for students, alumni, and faculty to come together and appreciate the beauty of the culture, language, livelihood, and lifestyle of the tribal communities of Tripura. We believe that this exhibition will provide our students with opportunities to learn about their culture and identity with pride and confidence.
2. The exhibition aims to raise awareness about the challenges faced by tribal communities and to educate attendees about their cultural heritage, traditions, and way of life.
3. By bringing together students, faculty, and alumni from different departments and backgrounds, the exhibition aims to create a platform for interaction and exchange, allowing attendees to learn from each other and build connections across diverse perspectives.

4. The exhibition aims to promote greater understanding and appreciation of the differences and similarities between different cultures, and to help attendees recognize the value of diversity in building a more inclusive and accepting society.

LEARNINGS AND OUTCOME:

1. By showcasing the rich cultural heritage of the tribal communities of Tripura, the exhibition have helped to increase awareness and appreciation for cultural diversity among the participants as well as the attendees. They definitely must have gained a better understanding of the unique customs, languages, and traditions of these communities.
2. The exhibition have helped in promotion of cross-cultural understanding and empathy as all attendees may have learned to recognize and value differences, and develop a greater sense of connection and shared humanity with people from different cultures and backgrounds.
3. The exhibition may have encouraged attendees to engage with their local communities, and to take responsibility for working towards greater inclusion and social justice.
4. Not only did the fact that alumni attended the exhibition help to strengthen connections between the college and its former students, but it also allowed the alumni to gain a deeper appreciation for the college's commitment to promoting diversity and inclusion. This increased understanding may encourage the alumni to engage more with the college in the future, potentially leading to further collaboration and support for the college's initiatives.

To
The Principal
Holy Cross College
Agartala, Tripura

Sub: Letter for asking Permission to Conduct an Exhibition

Respected Father,

I am writing this letter to request permission to conduct an exhibition on 2nd December, 2022. We, the Department of Sociology wish to conduct this exhibition in regards to language, culture and ecology of tribal communities in Tripura. As society changes, so do our language and cultural values, which serve as markers of one's place of origin and identity formation. Even among the tribal people of Tripura, globalization and development have made it harder for them to stay connected to the ecosystem. Additionally, a number of the tribal peoples' languages and dialects are on the verge of extinction. Language not only connects tribal communities to the land and environment, but it is also essential to their survival, subsistence, health, and use of natural resources in a way that does not harm the environment. Through this exhibition on Tripura's tribal communities, we hope to investigate and highlight their culture, language and relationship to the ecosystem. We believe that this exhibition will provide our students with opportunities to learn about their culture and identity with pride and fearless confidence.

Our students are tomorrow's leaders; preserving their cultural heritage depends on their being taught about their ancestors and their traditional ways of life.

We would be very grateful to you if you grant us permission to conduct the exhibition.

Your Sincerely,

Sentientla
