## **Department of Teacher Education**

### **Mentor -Mentee Schedule**

Every year the students are divided in to six mentor mentee groups. The mentors follow the rule formulated by the department in managing their mentees.

As the department of Teacher Education is governed by the NCTE, we have been following certain rules laid down by the department for the mentor mentee interaction. However we are planning with the documentation process of the activities under gone by a mentor to motivate, guide and counsel his/her mentees whenever the need arises. Mentoring is done in different spheres, during group activities, community service, school observation, practice teaching and field trips. Other than these areas personal mentoring is done whenever a student comes to the mentor with their problems any time.

#### **Rules to be followed by the mentors:**

1. A mentor should maintain confidentiality and build a trusting relationship with her mentees.
2. A mentor should serve as a career counsellor
3. A mentor should be a critical friend
4. Mentor should be a role model, teacher, advisor, counsellor, advocate and ally depending upon the situation
5. A mentor should facilitate learning opportunities
6. A mentor should challenge their mentees with open ended and thought provoking questions
7. A mentor should follow up on his/her mentees
