Student workshop cum Celebration of World AIDS day

1st December, 2022.

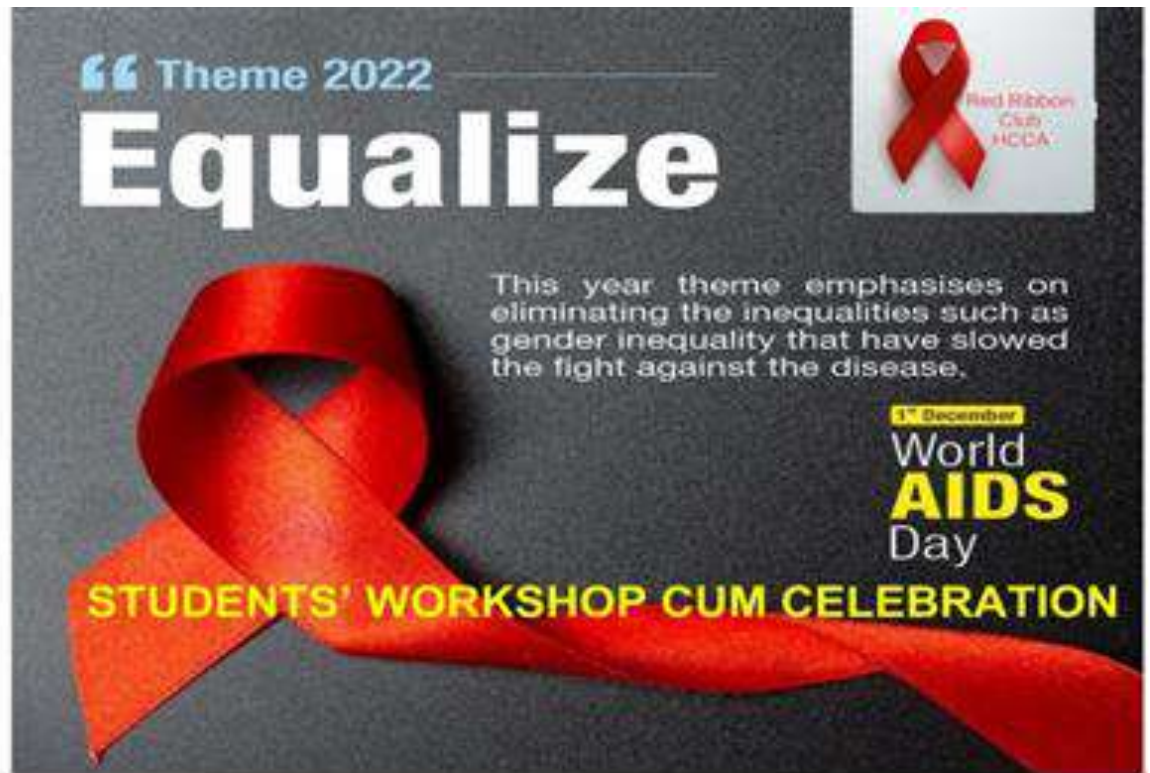

Total No. of Participants: 50 nos

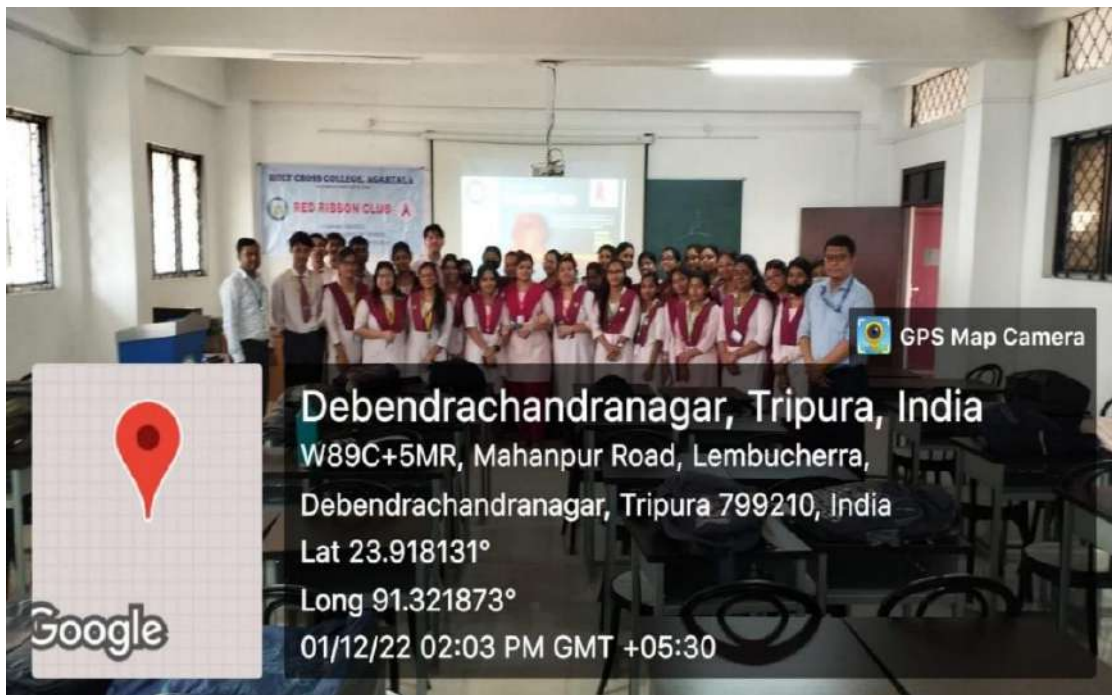

On the occasion of World AIDS day, a Student Workshop cum Celebration of World AIDS day was organized by Red Ribbon Club, Holy Cross College in association with Dept of Human Physiology Department on 1st December, 2022. The theme was "Equalize". The program was started with a special lecture session by Madam Moushumi Jena, Faculty of Counselling Psychology Department and member of Red Ribbon Club of HCC. The session was further taken over by Dr. Sandeep Roy Sarkar, Nodal Officer of Red Ribbon Club (RRC), where he explained about the physiological concept and social issue about HIV/AIDS among the students. After completion of his session the next session included a few informational videos followed by some quizzes based on HIV/AIDS, set forth by Dr. Ashish kr. Singha, Faculty of Dept of Human Physiology. The workshop ended with a vote of thanks by Baishali Choudhuri, the member of council of Holy Cross College and member of RRC. Overall, the Student seminar cum celebration of World AIDS day was observed successfully.

To

The Principal

Holy Cross College, Agartala

Rev. Father,

We are glad to inform you that Dept. of Human Physiology is intended to organize an **'International Workshop on Bioinformatics'** on 8th May, 2023 in collaboration with MycoAsia to develop the basic idea on tools and techniques related to bioinformatics. **Resource person for the workshop will be Dr. Belle Damodara Shenoy, Principal Scientist, CSIR-National Institute of Oceanography Regional Centre, Visakhapatnam - 530 017, India.** Topic of discussion is "Introduction to Molecular Phylogenetics". This workshop cum hands-on-training will be in hybrid mode which will be beneficial for UG and PG students, research scholars and faculties of science stream across different institutes.

May we also request your kind permission to utilize our computer lab for the above-mentioned event.

I hope you will grant us the permission to do the same.

Yours faithfully-

HoD, Human Physiology

Respected Sir,

On behalf of the Department of Human Physiology, I would like to take the pleasure of inviting you to as a **resource person for the 'International Workshop on Bioinformatics' on 8th May, 2023** (on Blended mode- Online & Offline) organized by the Department of Human Physiology, Holy Cross College, Agartala, India in collaboration with MycoAsia. Your presence and expertise interaction at the workshop would certainly add to the glory of the event.

We strongly believe that your views and opinion about the above-mentioned topic will definitely enlighten the participants from various reputable Institutions. We will appreciate your valuable contribution to this International Workshop and making it a grand success.

With best regards

Sincerely yours-

DEPARTMENT OF HUMAN PHYSIOLOGY

REPORT ON INTERNATIONAL WORKSHOP ON BIOINFORMATICS

Date: 8th May 2023

The Department of Human Physiology of Holy Cross College, Agartala, India, in collaboration with Mycoasia, successfully organized an International Workshop on Bioinformatics on 8 May 2023 in blended mode. It was commenced by a short introductory speech by Dr. Susmita Saha, Assistant Professor, Holy Cross College, followed by welcome address by Principal of Holy Cross College, Reverend Fr. Dr. Benny k John CSC in presence of august gathering. The workshop was further headed by Dr. Belle Damodara Shenoy, Principal Scientist, CSIR-NIO (National Institute of Oceanography), who was the resource person of this international workshop. The workshop aimed to provide participants with insight into the latest advancements and application of Bioinformatics in the field of biological research.

The workshop was held on 8th May 2023, from 10:00 AM to 01:00 PM IST (Indian Standard Time). The three hours session consists of informative presentation, demonstrations, and interactive discussion by Dr. Belle Damodara Shenoy. The workshop agenda encompassed various topics, such as; Introduction to bioinformatics and its application in biological research, Tools and techniques for data analysis and interpretation in bioinformatics, Principal demonstrations of bioinformatics software and databases, how to download and install MEGA Software in PC for building phylogenetic tree, Case studies showing the use of bioinformatics in real world scenarios, question answering sessions to address participants' queries and concerns.

The workshop witnessed substantial interest from scientific community, with a total number of 1520 participants registering willingly for the event from all over the world. Among the registered participants, 250 individuals actively attempted and joined the workshop, showcasing their enthusiasm for bioinformation and its potential. Following the completion of the workshop, 220 participants provided valuable feedback through the feedback form, reflecting the engagement and interest in the subject matter. The feedback collected from the participants shed light on the effectiveness and impact of the workshop.

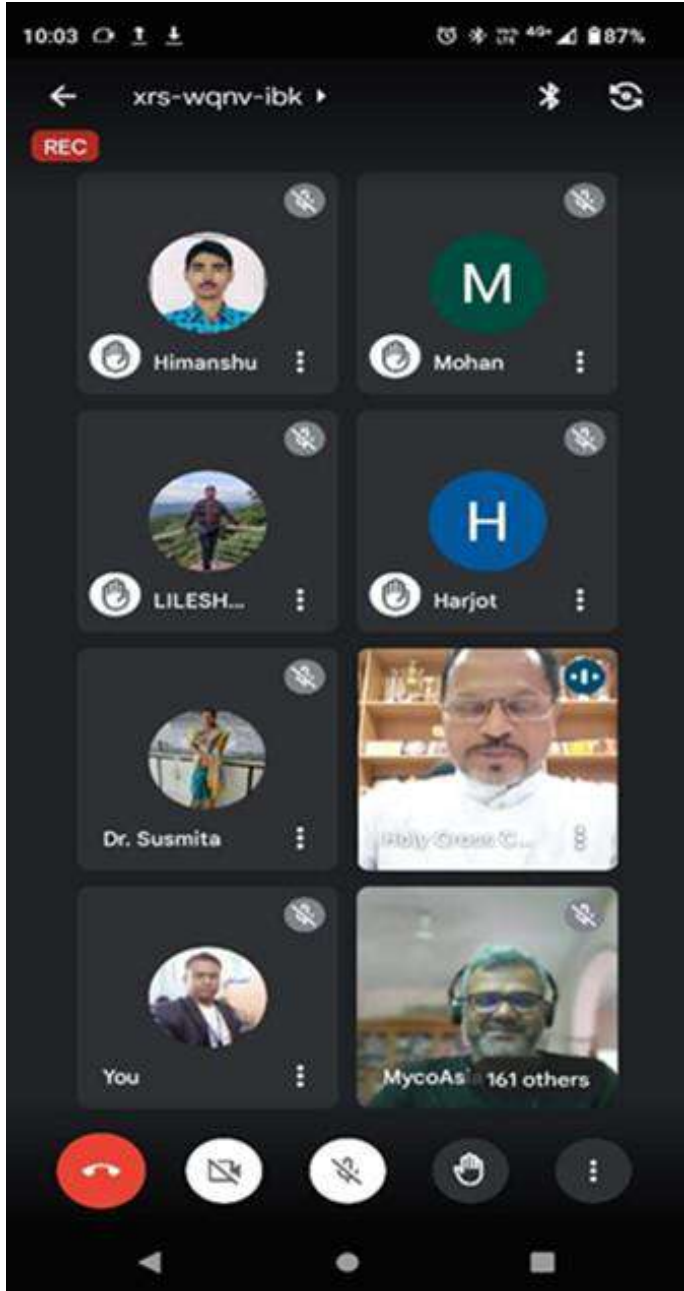

A significant majority of the participants expressed satisfaction with the workshops' content, rating it as highly relevant to their research interests. Dr. Belle Damodara Shenoy, was highly regarded by the

DEPARTMENT OF HUMAN PHYSIOLOGY

participants for his expertise & engaging delivery. Participants commended the Department of Human Physiology of Holy Cross College and Mycoasia for their meticulous planning, seamless execution, and prompt communication throughout the event. The workshop provided a valuable platform for networking and knowledge exchange among participants. The interactive sessions and question answering segments were highlighted as excellent opportunities for collaboration and expanding professional networks.

Overall, the International Workshop on Bioinformatics organized by the Department of Human Physiology of Holy Cross College, Agartala, India, in collaboration with Mycoasia, was a resounding success. The workshop facilitated knowledge dissemination, practical learning, and networking among the participants. Dr. Belle Damodara Shenoy's expertise and the comprehensive workshop content received positive feedback from the attendees. This event served as a significant stepping stone in promoting the understanding and application of bioinformatics in biological research, further contributing to advancements in the field.

DEPARTMENT OF HUMAN PHYSIOLOGY

Date: 25th April 2023

Community outreach program (health and nutritional assessment of families)

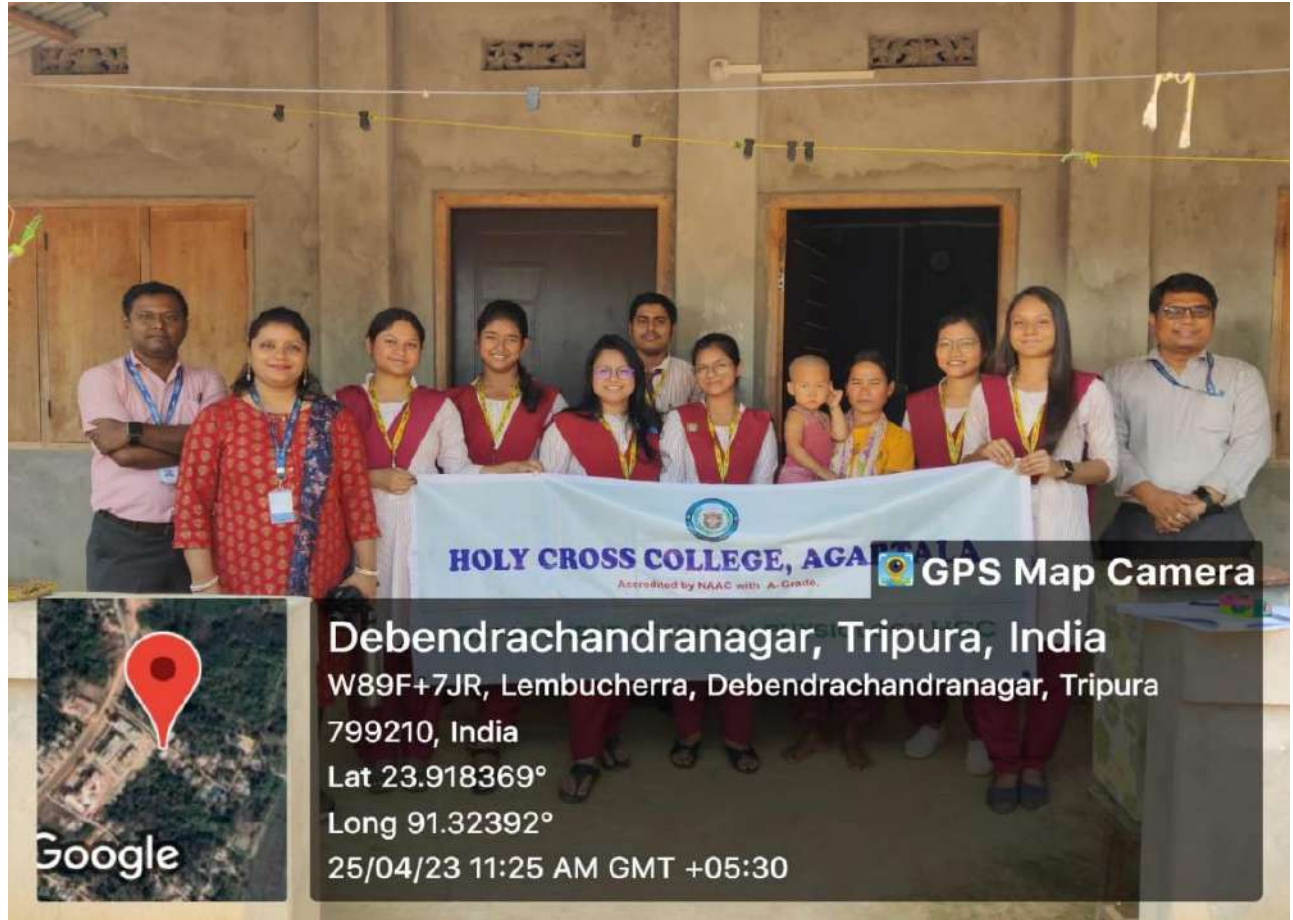

The Community outreach program was organized by Department of Human Physiology to assess the health and nutritional status of the villagers of nearby adopted Shipaipara village, Lembucherra, Tripura. The final year students of Human Physiology Dept. (21 nos.) visited the families along with all the teachers of department. The program was conducted to assess the dietary habit and nutritional status of a family. Body Mass Index (BMI) of the members of the family from their respective height and weight was measured. The families were selected randomly for conducting survey from the local area. Each family had different numbers of members, with various age group. Daily food habits of the family were taken into consideration during the survey work. The family buys all regular food commodities (vegetables, cereals etc.) from the market nearest to their house. They use water provided by local municipality and this water is also used for cooking purpose. Oral questionnaire method was used for the study. The group wise and nutrients-based consumptions of food stuff were asked to calculate and compare with their daily requirements (RDA) and so that, excess or deficit intake can be evaluated. Finally, in respect to their respective BMI what type of food chart they should follow will be assessed within one month. Through this outreach program department will also aware villagers to maintain proper diet for healthy life those who need this.

DEPARTMENT OF HUMAN PHYSIOLOGY

NATIONAL DEWORMING CAMPAIGN

Date of event: 31st March, 2023

Place: Holy Cross College, Jubatara, Tripura(W)

No. of persons attending: 97

The National Deworming Campaign is an initiative of Ministry of Health and Family Welfare, Govt. of India to make child in the country worm free. In India, about 241 million children between the ages of 1-14 years are at a risk of parasitic intestinal worms, commonly known as Soil-transmitted Helminths (STH). STH can lead to anemia, malnutrition etc. To combat this serious issue, in 2015, the Govt. of India launched National Deworming Day in anganwadi centres, schools and colleges to deworm all children and teens between aged 1-19 years. Deworming improves immunity in children as well as adults, thereby protecting them from chronic illnesses caused by worms. As a part of this initiative, Department of Human Physiology, Holy Cross College, Agartala under the block Bamutia had also organized 'National Deworming Campaign' under the banner "Mukhyamantri Sushto Shaishob Sustho Kaishore Abhiyan 4.0" on 31st march, 2023. Faculty of Human Physiology Department created an awareness program among the students providing crucial information about the symptoms and different health complications of worms before distributing the medicines. Around 97 students participated among which there were 67 girls and 30 boys of under 19 years of age. Medicines distributed among them were "Albendazole tablets, Iron and Folic acid tablets" which were provided by Primary Health Centre of Mohanpur. Albendazole is an anthelmintic or anti-worm medicine which is generally used as an effective aid for the treatment of different kinds of worms in human body. The iron and folic acid tablets are an iron supplement used to prevent low blood levels of iron such as those caused by anemia. Students were also advised about the dosage of taking these medicines. Periodic large-scale distribution of anthelmintics is the most-effective intervention against these parasites.

DEPARTMENT OF HUMAN PHYSIOLOGY

National Deworming Campaign

Date: 14th September, 2022

Worms in children interfere with nutrient uptake, and can contribute to anaemia, malnourishment, and impaired mental and physical development. To combat this issue, in 2015 the Government of India launched the fixed-day Anganwadi and school and college-based National Deworming Day to deworm all children and teens aged 1-19 years. As a part of this initiative the Holy Cross College, Jubatara under the block Bamutia had also organize a campaign namely as "Mukhyamantri Sustho Shaishob Sustho Kaishore Abhiyan-3.0 (National Deworming Day)" on 14th September 2022. Faculties of Human Physiology creates an awareness among the students by providing the crucial information's about the symptoms and the health complications of worms before the distribution of the medicines. Around 300 students (adolescent boys and girls) along with the Human Physiology students had actively participated in that campaign. Out of that around 160 girls and 140 boys were administered with the tablet commonly called "Albendazole". It is an anthelmintic or anti-worm medicine. Generally used as an effective aid for the treatment of tapeworm, flatworm or other types of nematodes found in our body. At the same time Iron and Folic acid tablets also provided to all the students as a part of this campaign. This Albendazole and Iron and Folic acid tablets for distribution are provided by Primary Health Center of Mohanpur.

These worms are infecting our intestine and the major issues are as such: -consumption of contaminated water, contact with the contaminated fecal matter, poor hygiene and lack of proper sanitation. It is can be concluded that Deworming and its procedures should be continued on our environment in a huge manner because it has a positive impact on the environment which helps to cure many other diseases. Distribution of Tablets among the students of Holy Cross College by Faculties of Department of Human Physiology.

Dr. Balaram Sutradhar

Subject: Permission for conducting Diet Survey & Educational Tour.

Rev. Father,

With due respect I would like to inform you that Human Physiology Department is going to organize a **Diet Survey & Educational Tour on 10th December, 2022** (Saturday) with our B.Sc. 3rd, 5th Semester Hons. & General students. We are proposing to visit the household of the Rajghat village, Melaghar, Sipahijala District, if approved. May I also request to provide the transport facility for a total of 70 students and 5 faculties.

So I pray and hope that you will be kind enough to grant the permission.

Thanking you,

Yours faithfully-

DEPARTMENT OF HUMAN PHYSIOLOGY

Diet Survey

Date: 10th December, 2022

Diet survey can be defined as a way of studying food consumption of an individual or a family. Techniques of conducting the survey includes questionnaires, maintaining a food diary, weighing intake and chemical analysis of food. Diet Survey is important that helps determine where population is defined by age, sex, race, ethnicity, income, urbanization or education are at risk for energy and nutrient deficiencies.

On 10th of December 2022 a Diet survey programme and educational tour was organised by the Department of Human Physiology of Holy Cross College for the 3rd and 5th semester students. The students conducted their survey at Rajghat village of Melaghar in Sepahijala district of Tripura. We were also joined by our 3rd year Seniors of H. Phy., Zoology, Botany and B.Sc. general Departments. The students proceeded with the survey by dividing themselves into many groups - each consisting of ten members. The groups visited families collecting information regarding their daily intake of food required for normal growth, metabolism, proper functioning of body and maintaining good health. One group visited the house of Mr. Satish Das whose family consisted of seven members while another group visited the house of Mr. Suman Das who is living with 3 of his family members. With this, we got to know about their different types of food consumption that are of proteins, carbohydrates, cereals, fats, oils along with their physical activity level, present/past illness and many more. After the household survey is over, we went for lunch in a hotel. Then we all visited the Neermahal using the boat for a while as a part of refreshment for us.

This Survey and Educational tour would not have been possible without the presence Dr. Sandeep Roy Sarkar, HoD, Human Physiology, Dr. Balaram Sutradhar, Asst. HoD, Human Physiology, Dr Ashish Kumar Singha, Asst. Professor and Madam Janabi Saha who has organised this meaningful event where we could learn new things and enjoy at the same time. I would also like to extend my gratitude to my fellow batchmates who also contributed in making this event successful.

DEPARTMENT OF HUMAN PHYSIOLOGY

National Level Workshop on 'Intellectual Property Rights'

25th June, 2022

National level workshop was conducted on 'Intellectual Property Rights' by the Department of Human Physiology in collaboration with Internal Quality Assurance Cell (IQAC) and Department of Business Administration, Holy Cross College on 24th - 25th June 2022. This workshop was conducted to make the students aware on what 'Intellectual Property Rights (IPR)' is and why it's necessary especially in today's world of liberal and globalised economy where ideas and invention are also treated as a product. It was conducted in a hybrid mode (offline and online). Total no. of participants was 71 across different states of India and covering a major section of academicians, research scholars, industrial persons and students.

On the first day, the workshop started by 11:00 am and was inaugurated by Dr. Sandeep Roy Sarkar, Convener & HoD Human Physiology, HCC, afterwards he welcomed everyone present in the workshop. Technical session was held by Dr. Sushobhan Sengupta, IQAC Coordinator & HoD Business Administration, HCC.

During the technical session Dr. Sushobhan Sengupta gave us an idea of what 'Intellectual Property Rights' is and a brief introduction to it. He introduced as how important IPR is to the individuals and organisations to protect their ideas and inventions from other individuals and organisations for monetary or developmental purposes. How IPR system works and how it is implemented cross country. The concepts like patent, trademark, copyright and trade secrets were also explained. Sir also explained when the different concepts of IPR are applicable and when does those concepts qualify for use for an idea or invention. There was an online assignment to complete for attendees to check the understanding of the participants and also a question answer session where attendees raised some question of curious nature connecting IPR to our day-to-day life.

Vote of thanks was given by Mrs. Sharmili Chakraborty, Assistant Professor, Department of Business Administration, HCC to conclude the first day of the workshop. This concluded the day.

DEPARTMENT OF HUMAN PHYSIOLOGY

The second day of the workshop started by 06:00 pm evening and, Dr. Sandeep Roy Sarkar, Convener & HoD Human Physiology HCC, welcomed the guests and all the attendees, and briefed about the day's program.

Technical session-1 of the day was held by Dr. Debabrata Roy, Assistant Professor, ICFAI Law School, ICFAI University, Tripura. He started his session with an introduction of copyright infringement. Different types of copyright and differences among them, different constitutional articles related to it and actions that can be taken against copyright was explained by him. At the end of his session, doubt clarifications were done.

The second technical session was taken by Dr. Avishek Chakraborty Assistant Professor, School of Law (Bangalore Campus) Christ Deemed to be University, Bangalore. During his session he explained what plagiarism is, what are its types, moral and ethical aspects of plagiarism and how one performs it. If one does it then permissible penalties were explained by him with the help of an example of Joe Biden. He shared a personal incident related to plagiarism which made the session a bit more interesting. At the end of the session, he advised us to avoid plagiarism as one should be respectful to the hard work of fellow researchers.

At the end of the program Dr. Balaram Sutradhar Assistant Professor, Department of Human Physiology, HCC wrapped up the second day with vote of thanks. Two days National Level Workshop on 'Intellectual Property Rights' was a great learning experience on the laws and their application on abstract concept like idea(s) and on one-of-a-kind invention(s). The workshop also provided good advices to those who wishes to pursue research in their future as a career and what things to keep in min

Report on Theatre Workshop

Shankhadeep Roy, 3rd semester, Dept of English

From 29th of November to 9th December, 2022 theatre workshop by Dept. of English begins officially by Mr. Sanjay kar of NATYABHUMI. Total 15 students participated in the workshop from 1st and 3rd semester. The workshop begins with some simple exercises like voice modulation, yoga, mind games etc. From the very beginning Sir has made us follow one thing- that an actor when acting should be out of every other personal thing and for which MEDITATION is very important. We also practiced various physical exercises, as for an actor to be in shape is very important. Sir divided us among 3 groups and later on he made us practice some dance moves. We wrote our own stories that are to be finalized on the final day of performance. Before we started our story telling, we also have meditation and mind games with rhymes and balls that was really a fun and also played a major role in building our concentration. A good actor must be aware of his or her surroundings. After the story telling, sir chooses the plot of the one we are going to perform on that day. The title of the play is "The advantages and disadvantages of Mobile Phone". The trust game is a very essential part for an actor as he or she must have a trust on his or her co actor and other mates like the light man, camera man etc. Then in group of 3 we started our acting on the advantages and disadvantages of mobile phone. The 3 groups presented the same plot in three different ways from which Sir constructed the final plot. With the help of Sir, we also composed our title song for the play "mobile phone, mobile phone" and gave it a beautiful melody. While playing the acts, Sir guided us in many ways regarding the dialogues and how to use the stage and the correct and proper posture of an actor on the stage. We also have been introduced to the tongue twisters and the various 'RASA' or aesthetics. We practiced all the various rasas as its very important for an actor to be in the various moods as per the plot. The final day was the most important day as we did our final stage rehearsal on that day and we rectified our acts so that we can give our best to the audience. Finally, we performed the play in front of the whole Department of English in the auditorium. The workshop was concluded with distribution of certificates to the participants.

Student workshop cum Celebration of World AIDS day

1st December, 2022.

Total No. of Participants: 50 nos

On the occasion of World AIDS day, a Student Workshop cum Celebration of World AIDS day was organized by Red Ribbon Club, Holy Cross College in association with Dept of Human Physiology Department on 1st December, 2022. The theme was "Equalize". The program was started with a special lecture session by Madam Moushumi Jena, Faculty of Counselling Psychology Department and member of Red Ribbon Club of HCC. The session was further taken over by Dr. Sandeep Roy Sarkar, Nodal Officer of Red Ribbon Club (RRC), where he explained about the physiological concept and social issue about HIV/AIDS among the students. After completion of his session the next session included a few informational videos followed by some quizzes based on HIV/AIDS, set forth by Dr. Ashish kr. Singha, Faculty of Dept of Human Physiology. The workshop ended with a vote of thanks by Baishali Choudhuri, the member of council of Holy Cross College and member of RRC. Overall, the Student seminar cum celebration of World AIDS day was observed successfully.

"Educating hearts and minds"

To

The Principal
Holy Cross College, Agartala
West Tripura

Subject: Requesting permission to organise a workshop on Google and Microsoft Office Tools for students.

Respected Father,

With all due respect and humble submission, we the members of IT Club would like to request your support and permission to conduct a workshop on Google and Microsoft Office tools. There is a need that has been identified of keeping the students up to date with the new demands in the academic curriculum. Most students have no knowledge or training in this curriculum. Therefore, we believe this is the perfect opportunity for the IT Club to conduct this workshop.

We have planned to organise the workshop on 29th and 30th of November 2022. Most preferably we need G-4 (Computer Lab) to be the venue for the workshop because it has a big hall and enough space to accommodate all the participants that will be invited. The participants will be students of 5th semester from all the departments, it is important to inculcate these necessary skills in the students to prepare them for their upcoming academic endeavour.

Therefore, I hope and pray that you will be kind enough to grant our application and give us permission to organise this workshop.

Thanking You

"Educating hearts and minds"

A Report on Google and Microsoft Office Tools

Day 1: A Workshop was organized on Google and Microsoft Office Tools by IT Club, Holy Cross College, Agartala on 29th and 30th of November 2022. All the members of IT Club have actively participated and thereafter the 1st Session has been taken over by Mr. Genesis Debbarma, Assistant Professor, Department of Sociology on the topic Google Drive on 29th of November 2022. 18 students participated on the 1st Day of Workshop. The students were given the task for practice so that they can have better knowledge and idea about Google Drive. The students interacted and asked about their doubts which was easily clarified by the members of IT Club. Finally, the session was concluded with collection of feedback for the 1st session from the students through Google Form.

Day 2: On 30th of November 2022, the 2nd session has been organized with 19 students by the members of IT Club and the 2nd day of session has been taken over by Miss Mandrita Saha, Assistant Professor, Department of Commerce on the topic Microsoft Excel. The students have practised for the same and cleared their doubts easily. With these two days workshop the students have come across Microsoft Excel tools and how to utilize it which will help them in their future endeavour. The session was concluded with collection of feedback from students through Google Form followed by the Vote of Thanks.

"Educating hearts and minds"

National Seminar on: "Roadmap for Inclusive Growth and Development in India"

Two days' national seminar on the topic "Roadmap for Inclusive Growth and Development of India" was organized by the Department of Commerce and IQAC of Holy Cross College on 20th and 21st January, 2023. The seminar was sponsored by ICSSR-NERC, Shillong. The program was initiated on 20th January, 2023 with the introduction of the theme of the seminar by Dr. Shankha Shubhra Bhadra followed by the Welcome address of the Principal Dr. Fr. Benny K John, CSC. After the felicitation of Dignitaries, the lighting of the lamp was ushered by the Principal and other dignitaries.

The formal program was started with the Key Note Speech by Shri Satwant Singh Sahota, General Manager (OIC) RBI and then a Panel discussion was held by the Resource persons Prof. Debarshi Mukherjee, Head, Dept of Management, TU; Smt. Swapna Debnath, Additional Director, Industries and Commerce and Dr. Bidhu Kanti Das, Asso. Professor, MZU. This session was followed by question-answer session, initiated by Mrs. Nazmun Nahar Begam, where the participants and students asked various questions and the resource persons answered all of them patiently making the whole session a truly interactive one. The first Session came to the end with the Vote of Thanks, given by Mrs. Sharmista Rakshit.

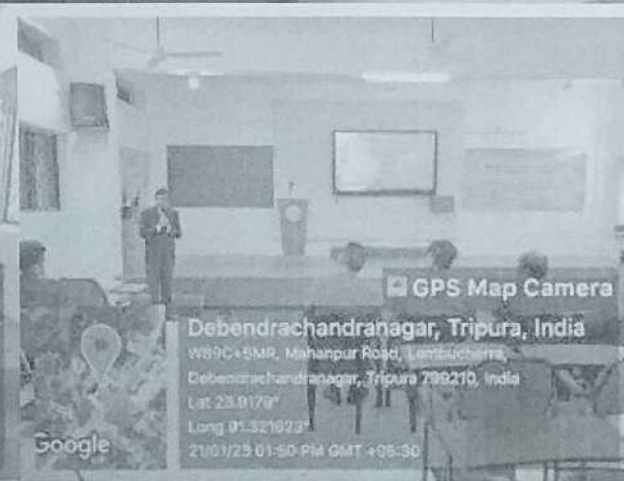

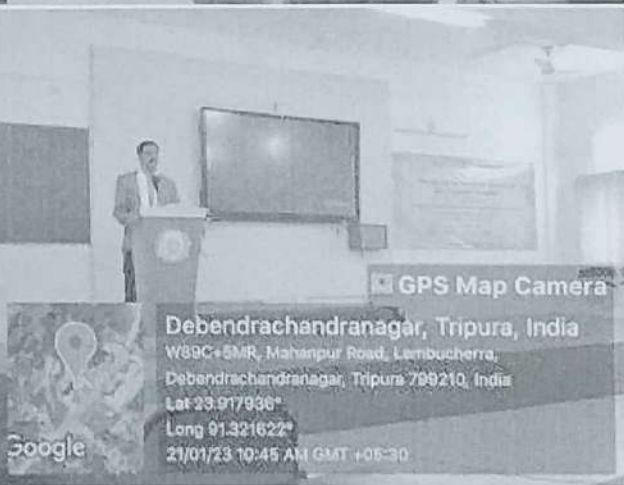

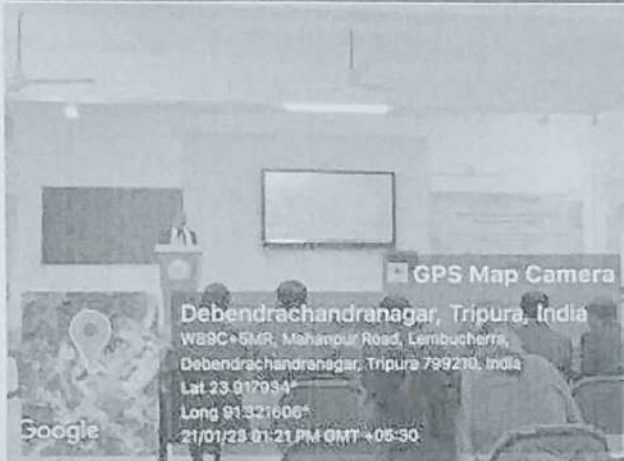

The first Technical Session was started at 12.00 noon, chaired by Mr. Chandrashekhar Pillai, where four participants presented their research papers on various topics and the session came to the end with an interactive question-answer session. After lunch the 2nd Technical Session was started at 2.00 p.m., chaired by Dr. Mainul Islam, where two participants presented their research papers and this session too came to the end with an interactive question-answer session.

The 2nd day's program was started with the welcome address by the Principal Dr. Fr. Benny K John, CSC and felicitation of Dignitaries. Then a Panel discussion was held by the Resource persons Prof. A. K. Sana, Calcutta University, Dr. Indraneel Bhowmik, Professor, TU and Dr. Arjun Gope, Asso. Professor, Ramthakur College. This session was followed by question-answer session, initiated by Ms. Mandrita Saha, where the participants and students asked various questions and the resource persons answered all of them patiently making the whole session a truly interactive one. The first Session came to the end with the Vote of Thanks, given by Mrs. Sharmili Chakraborty.

The Technical Session was started at 12.00 noon, Chaired by Dr. Rupak Das, where five participants presented their research papers on various topics and the session came to the end with an interactive question-answer session. After lunch the Valedictory Speech was given by Mr. Loken Das, General Manager, NABARD. The two days' program came to the end with the Vote of Thanks, given by Dr. Shankha Shubhra Bhadra. Along with the paper presenters, 134 students registered their name as participants and all the faculty members of the Dept. of Commerce, Dept. of Business Administration and Dept. of Political Science were present in both days' programs. It was a successful event indeed.

Both the abstract and full paper must be composed in MS Word, **Times New Roman** (12pt.), **1.5 spacing** and in **A4 size** paper.

- Abstract should contain atleast 3 keywords along with the title of the proposed paper.

Invitation

Dear Sir/Madam,

It gives us immense pleasure to invite you to the National Seminar on "Roadmap for Inclusive Growth & Development of India" Sponsored by ICSSR-NERC, scheduled to be held on 20th & 21st January, 2023 at Holy Cross College, Agartala. We, humbly extend our cordial invitation to all professionals, researchers, students, academicians and stakeholders to kindly participate in the seminar and present a paper. We look forward to your presence and active participation which will give us the opportunity to organize the seminar efficiently and make our endeavour a success.

About Holy Cross College, Agartala

Holy Cross College (Accredited with Grade 'A' by NAAC) is a private English medium Catholic institution of higher learning; founded, animated and enlivened by the Congregation of Holy Cross, a community of scholarship and faith, anchored by a belief in the inherent dignity of each person. This institution provides opportunities of scholarship for academically qualified high school graduates predominantly from the state of Tripura and the north-eastern region of India. It is a Co-educational institution of higher learning in the traditions of the Congregation of Holy Cross with a clear focus on 'holistic education', educating the hearts and minds of the young. We are deeply grateful to all those who placed their trust in Holy Cross College. As HCC is in its 13th year of eventful and progressive journey, striving hard to provide quality education, we sincerely appreciate the confidence you have placed in us, your unconditional love has strengthened us to move forward in our sincere efforts of educating hearts and minds.

How to reach Holy Cross College

Flight from Kolkata to Agartala takes about 50 minutes and from Guwahati to Agartala about 25 minutes. It is only a 30 minutes ride from the Airport to Holy Cross College. From Agartala Bus & Railway Station one can come to Mohanpur road & find Holy Cross College at Jubatara, Lembuchraa.

Accommodation

Accommodation may be provided to the interested participants only if they confirm atleast 10 days in advance for a nominal payment.

Climate:

The temperature of Tripura during the month of January is pleasant. It is likely to be between 16 to 25 degree Celsius

Concept note

The goal of the Seminar is to discuss or present the current issues, challenges and alternatives for sustainable Growth & Development. In this proposed national seminar we are planning to bring students, research scholars, academicians, industry personnel and various other experts in one platform to confer on the problems and its probable solutions on the aforesaid theme "Roadmap for Inclusive Growth & Development of Indian Economy".

As India is slowly moving towards service sector and contribute highest (53.89%) towards GDP, whereas, manufacturing sector including micro and small enterprises has accounted for nearly 17% of India's GDP, but the sector has seen employment decline sharply in last 5 years - from employing 51 million Indians in 2016-17 to reach 27.3 million in 2020-21 (Business Standard, 2021). Hence we can see, there is a shift from agricultural economy to

service-driven economy with almost no growth in industry, which is not a virtue; it is an outcome of policies that has hampered manufacturing and mining. With production costs rising in China, international buyers are looking for alternative sourcing destinations for manufactured products. If India, with its large labor force, is to seize this opportunity, it must nurture its industrial sector.

Our country is on the crosstown of sustaining the pandemic in one hand on the other, to escalate the growth and development towards five trillion economies. It is quite often seen that the rebuilding process especially after pandemic is extremely challenging and making a roadmap for growth and development is very much essential. According to Gita Gopinath, MD IMF "the Indian Economy has been recovering but there's still quite a bit of gap between where it's right now and its potential in terms of the level of output that could have. There is underlying momentum where we should continue to see a recovery in consumption and investment. It's a gradual recovery compared to pre-pandemic trend.

Hence, there is ample opportunity for the research scholars and academicians from multidisciplinary (social science and humanities) to contribute ideas, issues and solutions based on research.

Sub-Themes:

A. Entrepreneurship Development:

1. Inclusive growth and new entrepreneur.
2. Focus on under presented groups while promoting entrepreneurship.
3. Employment, growth and development.
4. Consumption based growth and development.

SANCTION ORDER

Subject: National seminar on "Roadmap for Inclusive Growth & Development of India"

Dear Sir,

Sanction of the ICSSR North Eastern Regional Centre is hereby accorded to the payment of an amount of Rs. 70,000/- (Seventy Thousand only) to meet the expenditure on the above mentioned seminar to be organized by the Holy Cross College, Agartala on 20th -21st January 2023.

The financial assistance should be utilized for the purpose for which it has been sanctioned. No part of the grant is to be utilized for publication of the proceedings of the seminar.

The amount sanctioned herein is to be utilized on the proposed seminar only within the stipulated period. Any amount of the assistance remaining unspent during the current financial year shall be refunded to the ICSSR-NERC immediately after completion of the seminar. If the Institute fails to utilize the grant, the Institute will be required to refund the amount of the grant with interest thereon @ 10% per annum from date of its sanction.

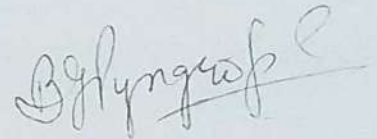

The sanctioned amount will be released in two installments as follows:

First installment (offline/blended mode)	: Rs.	56,000.00
Second installment	: Rs.	14,000.00
Total	Rs.	70,000.00

The first installment of Rs. 56,000/- will be released immediately on receipt of the Grant-in-aid bill (copy enclosed) duly stamped and signed by the competent authority of the Institute.

Kindly furnish the Bank Account information as per the format enclosed. The second installment of Rs. 14,000/- will be released on receipt of the following documents that may please be submitted within 2 months of completion of the programme.

1. Two complete sets of the papers/talks/PowerPoint presentation (hard bound copy) presented in the seminar.
2. A short summary of the proceedings of the seminar/conference/workshop etc, highlighting the details of the inaugural session, objectives, findings/recommendations and names of important participants including resource persons.
3. List of the papers presented in the programme along with the resource persons' names.
4. Grant-in aid bill (copy enclosed) for the second installment duly stamped and signed by the competent authority of the Institute.
5. An Audited statement of Accounts and utilization certificate in GFR-12A form (copy enclosed) signed by Chartered Accountant/Finance Officer (in case of University) for the sanctioned amount.

To,
The Principal,
College of Veterinary Sciences and Animal Husbandry
R.K.Nagar, West Tripura,
Tripura - 799008

Subject: Invitation for arranging resource person for one-day Workshop
on ' Zoonosis and Veterinary Hygiene '

Respected Sir,

It is an immense pleasure to let you know that Holy Cross College NSS Unit, Agartala is organizing a seven day long NSS Special Activity Camp. Among all other programs; the Department of Zoology, Holy Cross College, Agartala is collaborating with the NSS unit in arranging one day Workshop on ' Zoonosis and Veterinary Hygiene ' in Sipai Para Village.

In this regard, may we request the presence of Dr. Seuli Saha Roy Associate Professor, Department of Veterinary Public Health and Epidemiology on the venue of the program to conduct an interactive session with the participants.

The aforementioned program will be held on 18th January 2023 at Sipai Para, Debendrachandranagar, Tripura

It will be highly appreciated if you kindly permit Dr. Seuli Saha Roy to do the same.

Thanking you

Dr. Fr. Benny K. John, CSC
Principal

Subject: Appreciation for your contribution towards the seven day long NSS Special Activity Camp.

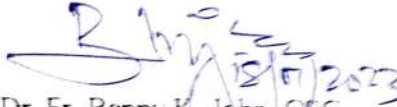

Respected Madam,

Thank you very much for delivering an informative and thought provoking lecture and an interactive session in One Day Workshop on 'Zoonosis and Veterinary Hygiene' organized by the NSS Unit, Holy Cross College, Agartala, in collaboration with the Dept. of Zoology, Holy Cross College, Agartala, which was held on 18th January, 2023. This program was a part of the seven day long NSS Special Activity Camp that is scheduled from 16th January 2023 to 22nd January 16, 2023.

Your session was very helpful for the participants who included the inhabitants of the locality, students and members of the Faculty of the College. They were highly enlightened on much relevant information on the topic.

We really do appreciate your valuable contribution.

Thanking you,

"Educating hearts and minds"

Report on One day Workshop on 'Zoonosis and Veterinary Hygiene' organized by NSS Unit, Holy Cross College, Agartala in collaboration with Dept. Of Zoology, Holy Cross College, Agartala.

Date: 19/01/2023

NSS Unit and the Dept. Of Zoology of Holy Cross College, Agartala, arranged a One day Workshop on 'Zoonosis and Veterinary Hygiene' on 18th January 2023. This program was arranged as a part of a seven day long NSS Special activity camp.

The venue of the aforesaid programme was set at the village Panchayat office of Sipai Para Village, Lefunga R.D. Block, West Tripura District, Tripura, 799210. This village was chosen because this is the adopted village of Holy Cross College, Agartala. The concept of Village Adoption entails development practice that is reflexive, and socially useful. It needs to result in improvement in the local situations, refinement of a local practice, and betterment in the conditions of living of the people of the concerned locality.

Maintaining livestock close to their home locations is a very common practise among the people of the locality. The workshop aimed to help, support and give learning on various aspects of health and hygiene of the domesticated animal population maintained by the inhabitants of this village. As a general practice, people are known to maintain a diverse population of various farm animals like pigs, poultry (chicken, ducks and pigeons), cows and goats. Regular house pets like dogs and cats were also maintained. All these animals were maintained well within the boundaries of people's homes. This ensures ample scope for the spread of various diseases from animals to humans and vice-versa (Zoonosis); if proper hygiene practices are not maintained.

Holy Cross College, Agartala, adopted Sipai Para with a mission to work along with the community at the grassroot level while enabling them to pursue and develop various positive impacts among the inhabitants of the concerned village. Through this particular workshop, the lack of awareness of various hygiene practices related to animal husbandry was addressed.

The resource person of this program was Dr. Seuli Saha Roy, Associate Professor, Department of Veterinary Public Health and Epidemiology, College of Veterinary Sciences and Animal Husbandry, R.K.Nagar, West Tripura, Tripura - 799008.

"Educating hearts and minds"

Dr. Rumki Nath Sen, Head of the Department welcomed Dr. Roy at the campus of Holy Cross College at 11:00 am in the morning. From there, all the faculty members of the Department of Zoology; namely Dr. Subhalaxmi Bhattacharjee, Dr. Parichita Ray Choudhury, Dr. Anamika Bhowmik, as well as the laboratory assistant of the Department, Mr. Nantu Kar accompanied the resource person upto the venue of the programme. Mrs. Sangita Chakraborty, NSS program officer, was a part of the group as well. About 40 students of the college accompanied their teachers.

The whole team was led by the very respected Fr. Joe Paul, CSC, Vice-Principal, Holy Cross College, Agartala.

On reaching the program venue, the group met with about 20 inhabitants of the village and the Chief Guest of the programme, Mrs. Sukhini Debbarma.

There, Dr. Rumki Nath Sen and Mrs. Sangita Chakraborty felicitated the Vice-Principal of the College, Chief Guest as well as Dr. Seuli Saha Roy with flower bouquet and memento.

Dr. Rumki Nath Sen welcomed all the guests and the participants wholeheartedly. Then the Chief Guest gave a brief description about the various difficulties the local people face on a regular basis due to various diseases related to animal health. After that, Fr. Joe Paul delivered an enchanting speech enquiring about the well being of the inhabitants of the village. He encourages them to take part in the very profitable business of animal rearing. He advised them to pay proper attention to their health and hygiene as well.

After that, there was an inauguration song from Sayantika Bhattacharjee and group. A small play was performed by the students of the Department. Of Zoology which carried a clear message regarding the importance of maintaining proper veterinary hygiene. This very entertaining performance was followed by an elaborate lecture and a very engaging interactive session by Dr. Seuli Saha Roy.

Here she enquired from the local people about the different species of animals they domesticate. She detailed the proper measures that should be followed while making enclosures for the animals. She gave the clear idea about the food, medication and vaccination regimes that are appropriate for maintaining a healthy population of animal species. The excreta and the left over food of the animals needs to be disposed off with great care. The feed for the livestock needs to be of good quality as well. All

these measures, if followed properly, will ensure better health of both the animals and the human population. This will prevent the spread of various diseases from animals to humans and vice-versa.

At the end, Mrinalini Bhattacharjee, student of Dept. Of Zoology and a volunteer of NSS delivered a vote of thanks to all the members who arranged this program. The entire event was conducted by Debjani Bhattacharjee, student of Zoology and NSS Volunteer.

This report is prepared by Dr. Subhalaxmi Bhattacharjee, Assistant Professor, Department of Zoology, Holy Cross College, Agartala and Mr. Shwatabh Chakraborty, student of the Department of Zoology, Holy Cross College, Agartala.

Report of Literary Fest 2023

Department of English organised the Literary Fest on 15th May, 2023. The topic of the fest was 'Unravelling Mystery and Romance in English Literature'. The students of 6th semester took the lead role by presenting posters based on the topic of the fest and the students of 2nd and 4th semester contributed to the fest by showcasing their creativity through canvas painting, pottery, vase painting, variety of homemade and traditional foods. Each year Department of English organised literary activities in the form of students' workshop, poster presentation by the students which brings out the creativity of the students. This year it was unique as the department for the first time has organised such fest where students were not restricted to academics. The intention behind this is bring out the skill of the students in various fields. The students of the final year have been assessed on the basis of their poster presentation and the way they explained their topic to the teachers.

The outcome of the fest is fruitful as students enjoyed the programme and was very much encouraged by showing their skills in various activities.

"Educating hearts and minds"

Collaborative activity/ training program on vermicomposting and vermi-culture for students and non-teaching staffs

18/05/2023

On 18th of May the students of the 4th semester Zoology (Major) went to Maya Nursery, Khowai for the field visit and gaining knowledge on practical application of vermitechnology. College bus started from the campus of Holy Cross College, Agartala around 10 am in the morning. The student group was guided by Dr. Subhalaxmi Bhattacharjee and Dr. Rumki Nath Sen.

During the journey the students observed several hilly areas which were being prepared for jhum cultivation. The bus also stopped briefly at Setacchara Tourist Park where they observed wild banana plantations which are endemic to Tripura. The bus arrived at the destination at 11:45 am.

The guide and the owner of the nursery Mr. Bijoy Gope took the students on a tour around his farm and educated them regarding the use of vermicompost for better yields.

The whole nursery was free of chemical fertilizers or pesticides. It was like a place of inhaling fresh air oxygen without having any pollutants or chemicals in it.

ing hearts and minds"

At first he guided the students to a green house where new plantations were being grown, like strawberries (*Fragaria ananassa*), mint (*Mentha sp*), coriander (*Coriandrum sativum*), wax gourd (*Benincasa hispida*) etc. After seeing that site they headed towards exploring the other sites and plantations. There they saw dragon fruit (*Hylocereus sp*) plantation by grafting method, 7-8 types of mango (*Mangifera indica*) plantation, variegated guava (*Psidium guajava*) and Indian noni (*Morinda citrifolia*), jackfruit (*Artocarpus heterophyllus*), apple mango plantation (which is most rarely found in Tripura), banana (*Musa sp*) - (C-9) plantation. Mr. Gope explained that each and every plant is being grown by using vermicompost by using the method of "vermicomposting", not even a single pinch of fertilizer were being used for these plantations over there.

After seeing and observing all the plantations we went to the key place of that nursery – The Vermicomposting Site.

The vermicomposting site consists of three pits and the composting was already done. Sir explained us the composting process and how the earthworms (*Perionyx excavatus*) most suitable for the vermicomposting works.

"nurturing hearts and minds"

Mr. Gope explained that for vermicomposting the base of the pit is first prepared by filling it with sand and above the sand a mixture of garden waste, kitchen waste, organic waste, leaves, twigs is filled up. This is remained undisturbed for one month and allowed to decompose. During that one month water is regularly sprinkled in the pit to maintain the moisture of the prepared set up.

Then after one month the earthworms are released into the pit and they start consuming the organic waste. As result within a month or two the organic waste is transformed into vermicompost . Other factors like temperature, humidity, climatic conditions and weather also play an important role.

All the pits are shaded with a cemented ceiling to protect the earthworms from heavy rains.

There was a small channel attached to the pit. Mr. Gope told us that during the process when the pit is filled with excess amount of water that excess amount of water comes out through out that channel and this water is more beneficial and advantageous from vermicompost itself which is used in the plantations. And also the cemented walls made beside pit is a protection for the earthworms from the predators. Example – *Bandicoota sp.*

"Educating hearts and minds"

Report on Interactive Session on 'Forensic Science: Trends and Challenges, a multidisciplinary prospect' Organized by Department of Zoology, Holy Cross College, Agartala in collaboration with Sherlock Institute held on 27th May 2023

Forensic science is a branch of Science that has become essential and integral part of any criminal investigation. So there has been an increasing interest among the students to know about the recent trends and different branches of forensic sciences. Keeping this mind, an interactive session on 'Forensic Science: Trends and Challenges, a multidisciplinary prospect' Organized by Department of Zoology, Holy Cross College, Agartala in collaboration with Sherlock Institute of Forensic Sciences, New Delhi held in online mode on 27th May 2023.

Sherlock Institute of Forensic Sciences (SIFS) is one of the leading institutes in India in the field of forensic sciences. Zoology Department of Holy Cross College, Agartala has taken up the initiative to sign a MoU with SIFS to conduct online Add-on certificate courses on Forensic Science and Crime Scene, Forensic Psychology, Forensic Graphology, Questioned Document and Fingerprint Examination.

Dr. Ranjeet Singh, the Director of SIFS, India, along with his team, was present in the interactive session as the resource person. The focus of the session was to gather knowledge regarding the concepts and implications of forensic science, types of evidence as well as the various challenges to expert testimony in court. Dr. Singh also explained the concepts and principles of forensic psychology and the legal scenario and challenges to forensic psychologists. From the session participants also got a clear idea about the different branches of forensic science and their applications in solving crimes.

Educating hearts and minds

Through this interactive session, the participants learnt about the physical evidences and digital evidences and how they can be analyzed before producing to the court room. The participants were made aware of cybercrimes and their effect on social media. Dr. Singh also threw some light on the new recent trends of forensics such as cloud forensics, social media forensics, USB forensics etc. The participants were informed about the various online certificate courses that are offered by SIFS, India and their admission procedures.

Sixty participants of different Departments of Holy Cross College, Agartala attended the Interactive Session. The online session was conducted by Dr. Parichita Ray Choudhury, Asst. Professor of Zoology Department of HCC. All other faculty members of Zoology Department of HCC were present in the interactive session.

The report is prepared by Dr. Parichita Ray Choudhury, Asst. Prof. Department of Zoology, Holy Cross College, Agartala.

Trustworthy, Respectful and Humble

To
The Hon'ble Principal
Holy Cross College Agartala
Jubatara, 799210

Date: - 10/05/2023

Subject-Seeking permission to organize two interdepartmental collaborative teaching learning activity.

Respected Father,

I am writing to request your permission to organize two (2) interdepartmental collaborative teaching learning special lectures at our college for the Department of History in the Even Semester 2023. One of the main advantages of interdepartmental collaborative teaching and learning is that it can assist students in understanding the connections between various courses. They may be able to think more deeply about complicated issues that call for a multidisciplinary approach as a result of developing a more integrated understanding of the world.

Interdepartmental collaborative teaching and learning also has the advantage of enabling teachers to expand their own skill sets and knowledge. Teachers can learn new teaching techniques, gain insights into various disciplinary viewpoints, and build a greater grasp of how various subjects relate to one another by working with colleagues from various departments.

We intend to set up a cooperative teaching arrangement, including the Sociology and Business Administration department. To avoid interfering with the regular teaching schedule, the schedule will be carefully designed. We are confident that this cross-departmental effort would benefit our college, and we would really appreciate your permission to move forward. We promise to plan these two events effectively and professionally, and we'll do all it takes to make sure everything goes according to plan.

Father, you would be pleased to know that for these collaborative sessions the Department of History has taken prior consent from both the heads of the Department of Sociology and the Department of Business Administration.

Name of the Resource Person	Topic of the Lecture	Department	Date and time of the Special Lecture	Signature of the HoDs
1. Mr. Genesis Debbarma	Origin, Growth and importance of Trade Union	Sociology	17 th May 2023, 9 AM	
2. Mr. Subhajit Paul	Basics of Entrepreneurship and its Skills	Business Administration (BBA)	22 nd May, 2023. 9 AM	

Thank you for your consideration We look forward to your response.

Sincerely,

Dr. Debasish Datta Ph.D.

Subject: Invitation to deliver a lecture on "Basics of Entrepreneurship and its Skills" as a part of interdepartmental collaborative teaching-learning

Dear Madam,

We are pleased to extend an invitation to your department to provide a lecture on " Basics of Entrepreneurship and its Skills" as part of our cross-departmental collaborative teaching and learning project. Under graduate History Honours students who are interested in developing a thorough understanding of this important aspect will attend the lecture. This programme would greatly benefit from your department's expertise and knowledge in the area of " Basics of Entrepreneurship and its Skills." We are convinced that your ideas will aid in our students' knowledge of the factors that led to the beginning of this process, its ramifications, and how it affected contemporary society. Students of History need to comprehend the processes and patterns of the basics of Entrepreneurship and its skills.

We are honored to have Mr. Subhjit Paul Sir as the speaker to deliver the lecture and we are confident that your contribution would make this initiative a great success.

Thank you for considering our invitation.

Sincerely,

Dr. Debasish Datta

Date: -16.05.2023

Subject: - Request to approve the slight modifications in one of the already approved Special lecture of the Department of History under the 'Interdepartmental Collaborative Teaching Learning Activity'.

Respected Father,

Courteously, with reference to my earlier application on the same subject, date: 10th May, 2023, I would like to propose to you some modifications in the second Special lecture of the Department of History under the 'Interdepartmental Collaborative Teaching Learning Activity', with the Department of Business Administration. We intend to convert the Special Lecture in to a one-day Workshop, which would comprise of the Special lecture of Mr. Subhajit Paul, Assistant Professor, Department of Business Administration, on 'Basics of Entrepreneurship and its Skills', followed by a short visit to the small market exact opposite to the college campus. Earlier in our proposal only the Special Lecture was proposed, but after consultation with IQAC, we are including a short market visit also in our existing program and changing the program nomenclature from "Special Lecture" to "One-Day Workshop on Entrepreneurship".

I, therefore, Father request you to kindly approve the modifications proposed above, so the we can go ahead with the necessary preparations to successfully organize the same as per the schedule.

Thanking you,

Approved

DEPARTMENT OF HISTORY

PRESENTS A SPECIAL LECTURE ON

“Basics of Entrepreneurship and its Skills”

Venue: - F2 – 18 (Board Room)

Date: - 22nd May, 2023

Time: - 11:30 AM

Under the initiative of the Interdepartmental
Collaborative Teaching – Learning Faculty Exchange
program with the Department of Business
Administration

INVITED SPEAKER

Mr. Subhajit Paul,

Assistant Professor, Department
of Business Administration, Holy
Cross College, Agartala.

Mr. Subhajit Paul is pursuing his PhD at the National Institute of Technology, Agartala. He has a B.Tech. in civil engineering from Jawaharlal Nehru Technological University and is a Tripura University Board of Undergraduate Studies (BUGS) internal member. His areas of interest include consumer behaviour, brand management, retail management, advertising, and sales promotion.

Department of History Report One Day Workshop on Entrepreneurship

The Department of History has organized a 'One day Workshop on Entrepreneurship', on 22nd May 2023, comprising of two parts. The first part consisted of a Special Lecture on the topic of "Basics of Entrepreneurship and its Skills" and the lecture was delivered by Mr. Subhajit Paul, Assistant Professor, Department of Business Administration, Holy Cross College, Agartala, under the initiative of the Interdepartmental Collaborative Teaching – Learning Faculty Exchange Program with the Department of Business Administration. Mr. Subhajit has delivered this lecture at the Board Room (F2 – 18) at 11:30 A.M. The Second part of the workshop consisted of a short visit of the nearby Jubatara market place, opposite to the Jubatara Holy Cross College, Agartala Campus.

The Special Lecture [first part], started from 11:30 A.M.. In his presentation, Sir Subajit first highlighted the definition of an entrepreneur and its characteristics and also the important factors for an entrepreneur. The was followed by the method of 'SWOT Analysis', very vital for an entrepreneur. Sir then has tried to highlight the difference between Entrepreneurship and Business and the difference between an entrepreneur and an intrapreneur, its characteristics and skills, brand and organization, product and service. Sir has also informed the audience that, there are a good number of governmental institutes at the pan Indian level, who are having incubation centers for supporting and promoting entrepreneurship. Sir has ended his presentation with the discussion on the 'required skills for becoming a successful entrepreneurship' and a list of successful entrepreneurs of 21st century India. There was an interactive session immediately after the lecture, where the students of the department have participated actively. The lecture came to an end with the vote of thanks by the Head, Department of History.

No. F.2/HCC/HP/2023/29

Date: 11.04.2023

To

The Principal

Holy Cross College, Agartala

Rev. Father,

We are glad to inform you that Dept. of Human Physiology is intended to organize an **'International Workshop on Bioinformatics'** on 8th May, 2023 in collaboration with MycoAsia to develop the basic idea on tools and techniques related to bioinformatics. **Resource person for the workshop will be Dr. Belle Damodara Shenoy, Principal Scientist, CSIR-National Institute of Oceanography Regional Centre, Visakhapatnam - 530 017, India.** Topic of discussion is "Introduction to Molecular Phylogenetics". This workshop cum hands-on-training will be in hybrid mode which will be beneficial for UG and PG students, research scholars and faculties of science stream across different institutes.

May we also request your kind permission to utilize our computer lab for the above-mentioned event.

I hope you will grant us the permission to do the same.

Yours faithfully-

HoD, Human Physiology

DEPARTMENT OF HUMAN PHYSIOLOGY

REPORT ON INTERNATIONAL WORKSHOP ON BIOINFORMATICS

Date: 8th May 2023

The Department of Human Physiology of Holy Cross College, Agartala, India, in collaboration with Mycoasia, successfully organized an International Workshop on Bioinformatics on 8 May 2023 in blended mode. It was commenced by a short introductory speech by Dr. Susmita Saha, Assistant Professor, Holy Cross College, followed by welcome address by Principal of Holy Cross College, Reverend Fr. Dr. Benny k John CSC in presence of august gathering. The workshop was further headed by Dr. Belle Damodara Shenoy, Principal Scientist, CSIR-NIO (National Institute of Oceanography), who was the resource person of this international workshop. The workshop aimed to provide participants with insight into the latest advancements and application of Bioinformatics in the field of biological research.

The workshop was held on 8th May 2023, from 10:00 AM to 01:00 PM IST (Indian Standard Time). The three hours session consists of informative presentation, demonstrations, and interactive discussion by Dr. Belle Damodara Shenoy. The workshop agenda encompassed various topics, such as; Introduction to bioinformatics and its application in biological research, Tools and techniques for data analysis and interpretation in bioinformatics, Principal demonstrations of bioinformatics software and databases, how to download and install MEGA Software in PC for building phylogenetic tree, Case studies showing the use of bioinformatics in real world scenarios, question answering sessions to address participants' queries and concerns.

The workshop witnessed substantial interest from scientific community, with a total number of 1520 participants registering willingly for the event from all over the world. Among the registered participants, 250 individuals actively attempted and joined the workshop, showcasing their enthusiasm for bioinformation and its potential. Following the completion of the workshop, 220 participants provided valuable feedback through the feedback form, reflecting the engagement and interest in the subject matter. The feedback collected from the participants shed light on the effectiveness and impact of the workshop.

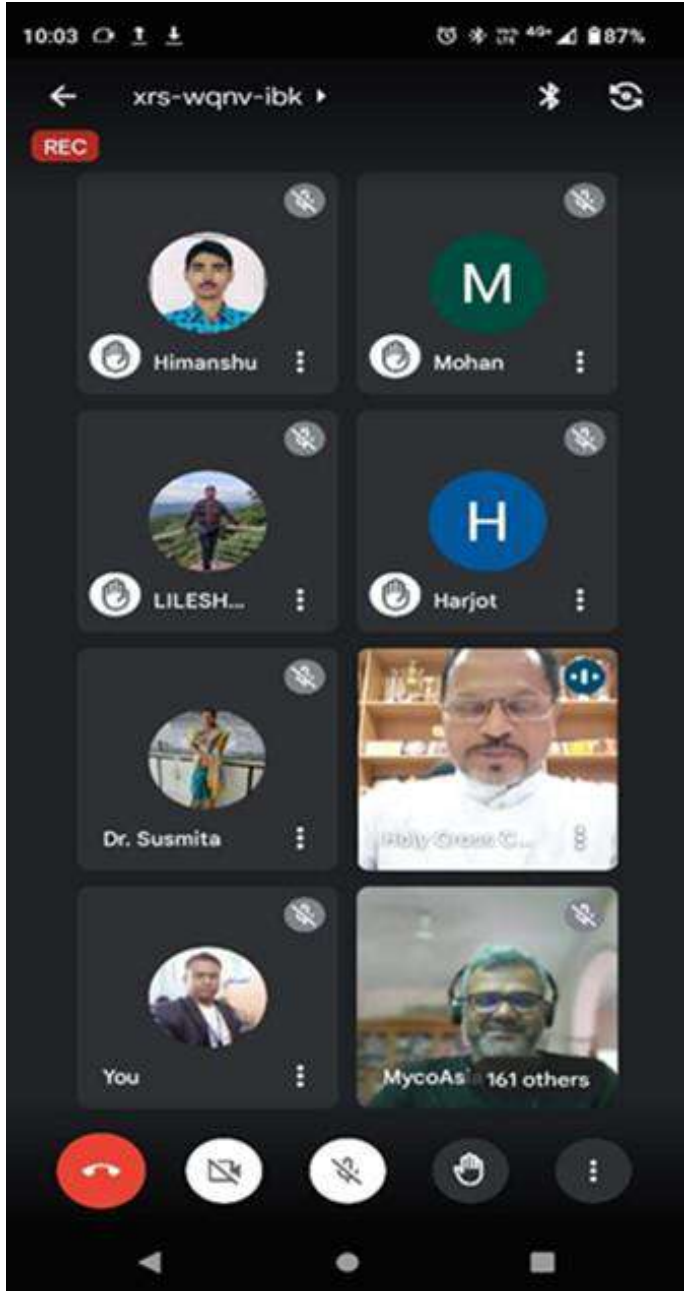

A significant majority of the participants expressed satisfaction with the workshops' content, rating it as highly relevant to their research interests. Dr. Belle Damodara Shenoy, was highly regarded by the

DEPARTMENT OF HUMAN PHYSIOLOGY

participants for his expertise & engaging delivery. Participants commended the Department of Human Physiology of Holy Cross College and Mycoasia for their meticulous planning, seamless execution, and prompt communication throughout the event. The workshop provided a valuable platform for networking and knowledge exchange among participants. The interactive sessions and question answering segments were highlighted as excellent opportunities for collaboration and expanding professional networks.

Overall, the International Workshop on Bioinformatics organized by the Department of Human Physiology of Holy Cross College, Agartala, India, in collaboration with Mycoasia, was a resounding success. The workshop facilitated knowledge dissemination, practical learning, and networking among the participants. Dr. Belle Damodara Shenoy's expertise and the comprehensive workshop content received positive feedback from the attendees. This event served as a significant stepping stone in promoting the understanding and application of bioinformatics in biological research, further contributing to advancements in the field.

Report on Capacity Building Workshop: “Empowering Students with Digital Tools”

Date: 10-11 May, 2023

Venue: Room No. F1-08 & G-4

Timing: 09:00 am – 03:30pm

In the rapidly evolving digital era, equipping students with essential digital skills has become paramount for academic success and real-world applications. To address this need, the Department of Sociology organized a two-day workshop titled "Capacity Building: Empowering Students with Digital Tools" on 10th and 11th May, 2023. The workshop's primary objective was to provide students with the necessary digital acumen and tools relevant to academic research and practical endeavors. By embracing various digital technologies, the workshop aimed to empower students to navigate the dynamic technological landscape effectively, enriching their overall learning experience.

The workshop, led by esteemed resource persons from different departments, including Ms. Mandrita Saha (Assistant Professor, Department of Commerce), Ms. Kianguiliu Pamei (Library In-Charge), and faculty members from the Department of Sociology - Ms. Sentienla, Mr. Joel L. Darlong, and Ms. Genesis Debbarma, commenced with an inauguration ceremony, setting the tone for the two-day program. On the first day, the resource persons emphasized the importance of digital tools in today's technologically advanced world and their significance in the field of sociology. Throughout the workshop, students were engaged in interactive sessions on Google Tools for Research, photo scanning techniques, and geo-tagging applications. These practical sessions provided hands-on experience, enabling students to digitize physical photographs and documents, and tag locations using smartphones and GPS-enabled devices for social research and data collection.

On the second day, students were guided through accessing the eLibrary and utilizing academic journals and databases for in-depth research. The highlight of the workshop was the activity segment, where students applied their newfound skills to digitize historical documents and geo-tag essential locations, fostering a deeper understanding of digital tools' practical applications.

The "Capacity Building: Empowering Students with Digital Tools" workshop proved to be a resounding success, equipping students from the Department of Sociology with crucial digital skills to excel academically and thrive in the ever-evolving digital landscape. The workshop's holistic approach, combined with hands-on learning, enhanced the students' digital literacy and overall educational experience.

Genesis Debbarma

Assistant Professor

Holy Cross College

**Two-Days Capacity Building Workshop on “Empowering Students with Digital Tools”
10th and 11th May, 2023**

CONCEPT NOTE:

The Department of Sociology organized a two-day workshop titled "Capacity Building: Empowering Students with Digital Tools" on 10th and 11th May 2023. The workshop aimed to equip students with essential digital skills and tools, fostering their proficiency in digital technologies relevant to academic research and real-world applications. By familiarizing students with various digital tools, the workshop sought to empower them to adapt to the fast-changing technological landscape, enhancing their overall learning experience.

OBJECTIVES OF THE WORKSHOP:

The workshop had the following key objectives:

1. To familiarize students with various digital tools and their applications.
2. To enhance students' technical skills and digital literacy.
3. To empower students to utilize technology for academic research and practical projects.
4. To enable students to leverage digital tools for data analysis and presentation.
5. To encourage students to adapt to the fast-changing technological landscape.

LEARNINGS AND OUTCOME:

Upon completion of the workshop, the students from the 2nd, 4th, and 6th semesters of the Department of Sociology were expected to achieve the following learning outcomes:

1. Acquire proficiency in using Google Tools for academic research and collaboration.
2. Develop skills in photo scanning techniques to digitize physical photographs and documents.
3. Demonstrate the ability to apply geo-tagging applications for social research and data collection.
4. Access and utilize the eLibrary effectively for in-depth research using prominent databases.
5. Apply the learned digital tools to practical exercises, enhancing their understanding and competence.

To
The Principal
Holy Cross College, Agartala

Subject- Permission to conduct a workshop on Capacity Building

I am writing to propose a workshop on Google Drive, Geo-Tagging Pictures, and Photo Scanning, on 10th and 11th of May 2023 With a theme "**Capacity building Workshop: Empowering Students with Digital Tools**". As technology continues to advance, it is important for students to learn how to effectively use these tools in their academic lives.

The workshop will focus on teaching students how to use Google Drive to store, share, and collaborate on documents, presentations, and spreadsheets. In addition, we will cover how to take geo-tagged pictures using mobile devices and how this feature can be useful in the process of documentation. We will also demonstrate how to scan photos using scanners and mobile devices to create digital copies for archival or sharing purposes.

The workshop will be conducted by faculty members of the department, Mandrita Saha, Assistant Professor, Department of Commerce and Kianguiliu Pamei, Library in-charge who are well-versed in these technologies. Participants will have hands-on experience with the tools, and there will be opportunities for questions and discussion throughout the session.

The workshop will be open to students of department of Sociology. We believe that this workshop will enhance the technical skills of our students and prepare them for the ever-changing technological landscape. We kindly request your support in allowing us to host this workshop on campus. We believe that this workshop will benefit our students greatly and contribute to their overall academic development.

DEPARTMENT OF HUMAN PHYSIOLOGY

Educational Tour at Science City, Agartala.

Date: 26th April, 2023

Department of Human Physiology, Holy Cross College, Agartala had organized an Educational Tour at Science City Agartala for all the students of Human Physiology Honours. In this trip all the teachers of Department of Human Physiology, Dr. Sandeep Roy Sarkar (HoD), Dr. Susmita Saha, Dr. Ashish Kumar Sinha, Ms. Jahnabi Saha, and lab assistant Mr. Ujjal Malakar and in total 50 numbers of students were present. The purpose of visit is to enhance students understanding of culture of Science and Technology, to promote a spirit of scientific enquiry and creativity among the students. Through this, student got exposure to various scientific field as a part of their experiential learning.

This trip to Science City was a wonderful experience with full of knowledge of Science, Math's and much more. A visit to planetarium hall where Jantar Mantar models, Retrograde Motion Model, Gravitational lensing, Copernicus planetary model, Tycho Brahe's planetary model and many more models were very exciting for students. Apart from the Planetarium Hall, all the students as well as faculty members visited the Fun Science Hall, where various Physics based models such as Brownian motion model, symmetry model, mirror maze, vanishing image model, dancing models were available and these were very much fascinating for the students as well as faculty members. In space and technology hall, various types of images related to agriculture, energy, astronomy, space technology etc. were present.

Overall, it was a knowledgeable trip and all the students of Human Physiology Dept. are thankful to our respected teachers for organizing such a wonderful and knowledgeable study trip.
