

7.1.5. Green campus initiatives.

Response:

- 1. Restricted entry of automobiles-** the major area of the college campus is automobile free with restrictive sign boards for any vehicles. The vehicles are specified to be parked only in the parking area.
- 2. Pedestrian Friendly pathways-** pedestrian friendly pathways are constructed in the campus which are specifically used only for walking and the vehicles are strictly prohibited to be used on the pathways.
- 3. Ban on use of Plastic-** various sign boards on ban of plastic are displayed on the college premises. Single use plastics are strictly prohibited in the college campus and only plastic with the thickness of 120 microns are allowed. The canteens in the college are instructed to use paper cups and kulhad (cups made of clay or soil).
- 4. Landscaping with trees and plants-** the college premise is landscaped with several foliage and are maintained with utmost care. The department of Botany had taken the initiative to display the scientific names of the various vegetations in the campus.
